- Creating a weatherstack account

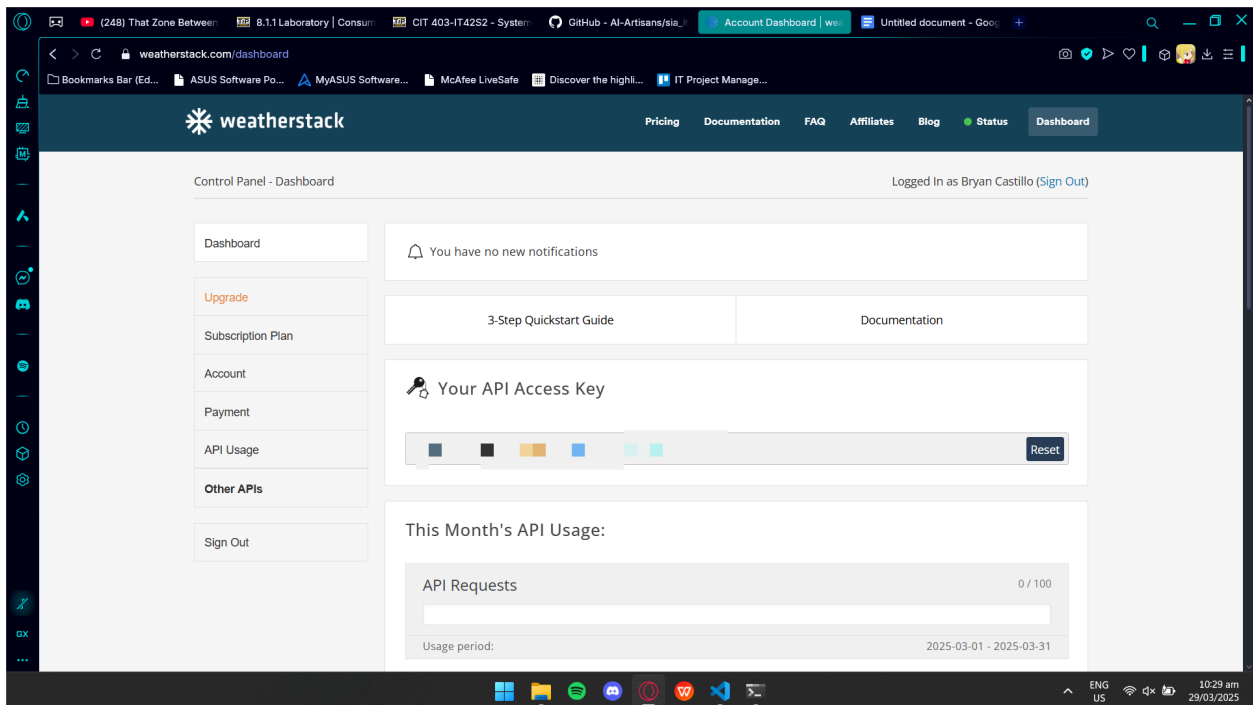

The screenshot shows the weatherstack.com/signup/free page. The form is titled "ACCOUNT DETAILS" and includes the following fields:

- Full Name: Bryan Castillo
- Email: mbacastillo@tip.edu.ph
- Password: [Redacted]
- Address: Tip Manila
- Postal Code: 1000
- Country: Philippines
- State: [Redacted]

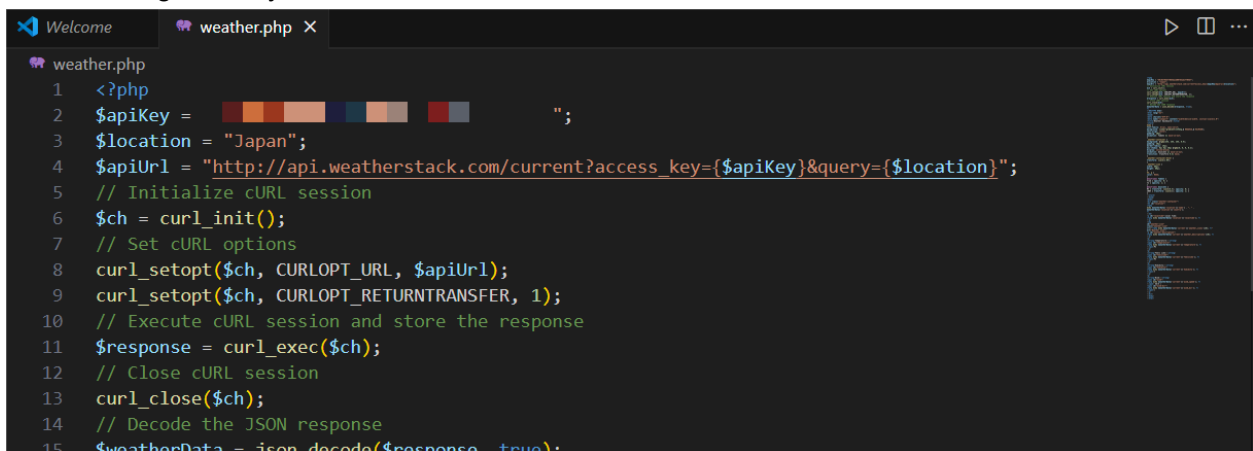

The page also features a navigation bar with links to Pricing, Documentation, FAQ, Affiliates, Blog, Status, Log In, and SIGN UP FREE. The bottom of the page shows a Windows taskbar with various application icons and a system clock indicating 10:28 am on 29/03/2025.

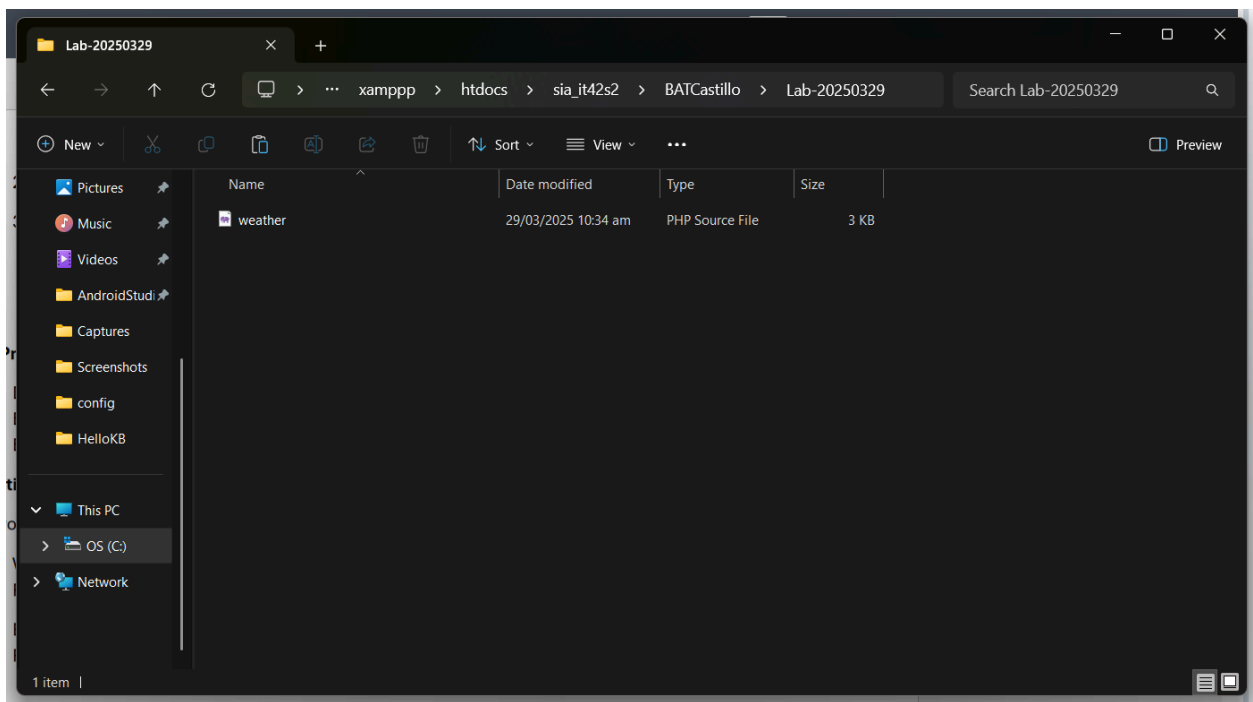

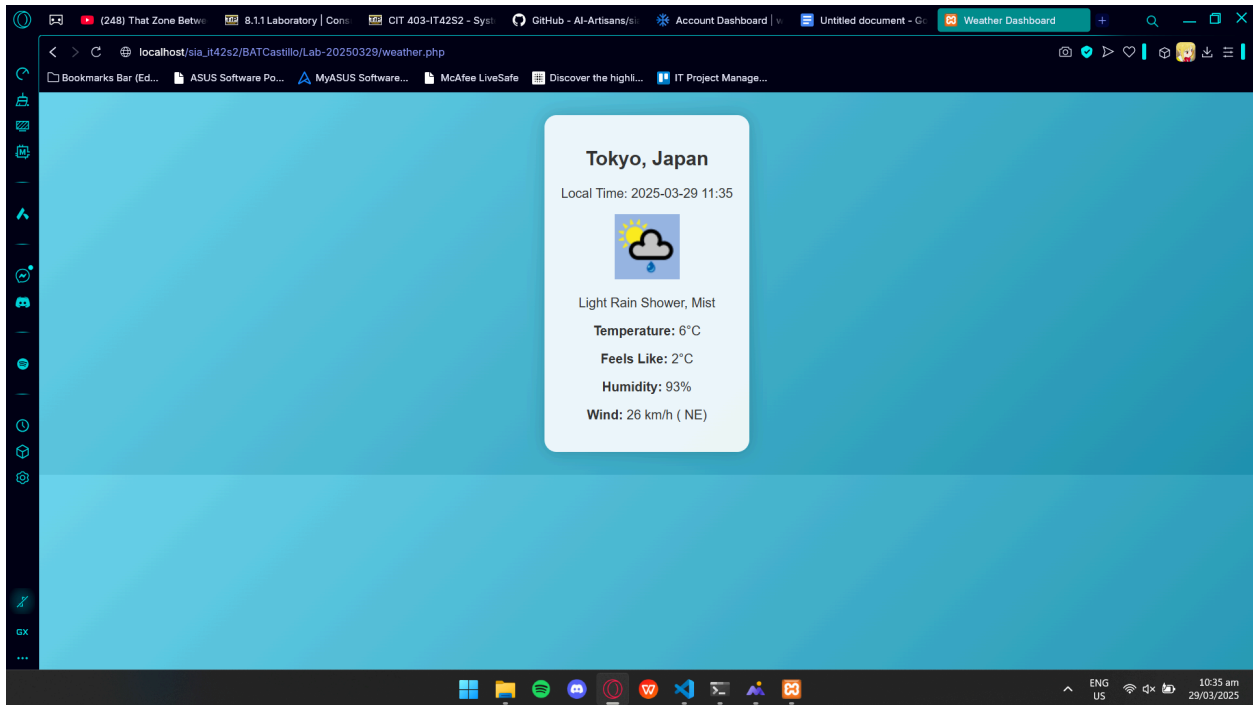

- Accessing the API Key

- Using API key on code

- Preview of webpage

**Write your insights based on the following questions:**

**1. What challenges did you encounter while subscribing to the Weatherstack API and consuming its data in PHP? How did you overcome them?**

I have encountered no challenges when subscribing to the Weatherstack API and using it, the process was straightforward.
